New Flywheel Range

Our product range
extends day by day.

We are very proud to
announce that
Flywheels for trucks
and buses are ready.

We are offering
original equipment
quality with affordable
price.

These kits are
designed and
manufactured at our
factory under Dönmez
brand guarantee.

Hammer Kupplungen is very pleased to
introduce new family members.

These new family members replace
Flywheels which are fitted as standard
and original, details can be found in
following tables;
